EDUCATION

Netaji Subhas University of Technology (NSUT) | CGPA: 8.6

August 2021 - May 2025

Bachelor's in Design, Fashion Technology

ACHIEVEMENTS

Wall of Awesomeness-

Digit Insurance | April 2026

Honored as a top performer for bridging design and marketing with high-impact, empowering contributions

Award for Excellence | Placement Coordinator | 2024-2025

Managing 20+ recruiter drives and facilitating leading industry hiring processes for the 2024-25 batch

Gold Medalist | NSUT Women Kabaddi

IIT BHU, Oct 2023 | DTU, Apr 2023 | IIT Kanpur, Apr 2022

SKILLS

Skills & Tools:

UI & UX Design | Product Design | Figma | User Testing | Claude Design | Iconology & 3D Assets | Higgsfield AI | Google Stitch | Adobe After Effects | Adobe Illustrator | Adobe Photoshop | Canva | Affinity | Graphic Illustration | Brand Identity Design

CERTIFICATIONS

- UX Design Advanced Program by Lloyds Banking Group
- Adobe Design Fundamentals with AI
- Google UX Design Professional Certificate Coursera
- Human-Computer Interaction Specialization

AI Native Product Designer focused on bridging complex business objectives with user-centric systems architecture. Expert in designing 0-to-1 products through data-informed UX strategy, foundational semiotic research, and unified design systems. Proven ability to leverage AI-led DesignOps to streamline creative workflows and drive measurable growth in engagement and conversion.

EXPERIENCE

Design Trainee, Digit Insurance | On-Site: Bengaluru, KA | July 2025 - Current

Leading digital-first public insurance company across motor, health & travel

- Designed a gamified "Get Rewards" floating action button, integrating an interactive unboxing animation flow for premium discounts, which led to a 6.5% uplift in offer redemption rate.
- Increased wellness subscription opt-ins by 2.3% by resolving discoverability issues, replacing a hidden category scroller with a high-visibility tab interface based on user navigation patterns.
- Owned a comprehensive UI modernization effort across 5 core product touchpoints, establishing a cohesive 3D visual language (60+ assets), improving user comprehension, & contributing to a 3.6% lift in widget CTR.
- Design Intern | January 2025 - July 2025**
- Established the foundational visual design system for Valueattics (Subsidiary Reinsurer Company), delivering scalable digital assets and component libraries that accelerated cross-channel product rollout.
- Leveraged generative AI tools to rapidly iterate on high-fidelity user journeys and UI concepts, increasing design output and allowing the product team to evaluate multiple visual directions simultaneously.
- Designed the visual identity and physical collateral for Lakshya'25 (annual partner summit), translating executive strategy into a cohesive brand experience for 1,000+ attendees.

Tools & Platforms: Figma, Adobe Creative Cloud (Photoshop, Illustrator), Affinity Suite, Prototyping

Product Design Intern, Between Boxes | On-Site: Gurugram, HR | May 2024 - July 2024

India's curated gifting brand across hampers, packaging & personalized experiences

- Led 0-to-1 design of a new e-commerce platform via user research and journey mapping, establishing it as the company's primary user acquisition channel.
- Designed a localized wedding registry and "E-Shagun" digital gifting flow, eliminating gift redundancy via curated catalogs to drive cultural product adoption.
- Developed a template-driven catalogue, reducing production time by ~35% and improving design consistency across multi-channel assets.

Tools & Platforms: Figma, Adobe Creative Cloud (Photoshop, Illustrator), Prototyping

ACCOMPLISHMENTS

Placement Coordinator - Training & Placement, NSUT | August 2024 - May 2025

- Coordinated 20+ recruiter onboarding and placement drives streamlining interview workflows, mentoring 300+ students, and leading alumni initiatives to improve candidate readiness & placement engagement.
- General Secretary, Sports Committee, NSUT | May 2024 - April 2025**
- Coordinated administrative operations, handling official documentation, budgeting workflows, & tournament logistics while supporting strategic planning and execution of campus-wide sports initiatives.

PROJECTS

Parametric 3D Iconology Engine | Design Engineer & Product Designer

- Engineered a JSON-driven parametric 3D design agent that interprets design keys to automatically adapt spatial UIs across dynamic internet layouts.
- Scaled organizational 3D production by 600% and unified 10+ visual styles, empowering cross-functional teams to generate high-fidelity, on-brand assets in minutes.

AI Shopping | User Experience Design

- Accomplished an end-to-end AI chatbot UX journey, measured by a 60% reduction in user click paths, by mapping conversational flows, comparison UI, and seamless cart checkout prototypes.
- Accomplished a scalable agentic discovery model, measured by an 85/100 System Usability Scale score on prototypes, by designing AI interactions to eliminate selection friction.
- LinkedIn Semiotics | UX Redesign**
- Redesigned LinkedIn's core UI narrative, improving task discoverability by upto 11%, by conducting semiotic analysis and restructuring the Information Architecture to reduce cognitive load.
- Validated high-fidelity UI redesigns that simulated a ~6.5% reduction in task friction, accomplished by mapping user personas and integrating context-aware iconography through user testing.
